**WORD MAZE**

Draw a line from arrow to arrow that visits the letters M-A-Z-E in order, without entering any box more than once.

![Word Maze Diagram]

**SUDOKU**

Fill the grid so every row, column, and outlined region contains all the numbers 1 through 5. Hint: never guess!

![Sudoku Grid]

**NUMBER TILES**

In each number sentence, write the numbers 1, 2, 4, and 7 in the boxes so the equation is true. You must use all four numbers in each equation.
